

THE STORY BEHIND THE SEXTET

Music made IN THE MOMENT.

Led by Pacific Palisades trumpeter Larry Newman, the Village Jazz Sextet grew from weekly reading sessions where experienced musicians gathered to explore great charts and enjoy making music together. Many performances are first-take readings, capturing the spontaneity, trust and musical conversation at the heart of jazz.

The repertoire spans timeless standards, selections from the Tom Kubis library, original compositions by Dan Radlauer and music associated with the great names in jazz. The Village name reflects the community the group calls home and its hope of contributing to the celebrations, gatherings and renewed life of Pacific Palisades.
